Cutting-Edge Fitness for Organizations & Health Centers

EXERGAME®

WE PROVIDE HEALTH CLUBS, YMCA'S, PARKS/RECS, AND SCHOOLS THE BEST

INTERACTIVE FITNESS & GAMING PRODUCTS

WE GAMIFY FITNESS

Recent industry publications have named Exergaming and the youth fitness market as one of the fastest growing and most profitable groups of people and trends in the health and fitness world.

EXERGAME

JOIN THE MOVEMENT; BRING TOMORROW'S EXERCISE WORLD TO YOUR FACILITY TODAY

Our philosophy is to create fun, exciting environments where the worlds of technology and fitness intersect. We've found that we're able to create lifelong members to your facility - from the youngest child to the active older adults - when we combine certain products, activities, and movements with proven fitness principles, training protocols, programming into an energetic and engaging atmosphere. It's this unique blend of technology, fun, and fitness that make an investment in exergaming rooms a smart choice.

BENEFITS OF EXERGAMING

ENGAGEMENT, FAIRNESS & EQUALITY, TEAM BUILDING, & ACCOUNTABILITY

AGILITY, STRENGTH, & COORDINATION

LEARNING, BEHAVIOR, MEMORY, & CELL GROWTH

REWARDS, GOAL SETTING, & BENCHMARKING

DISEASE PREVENTION & ENDURANCE

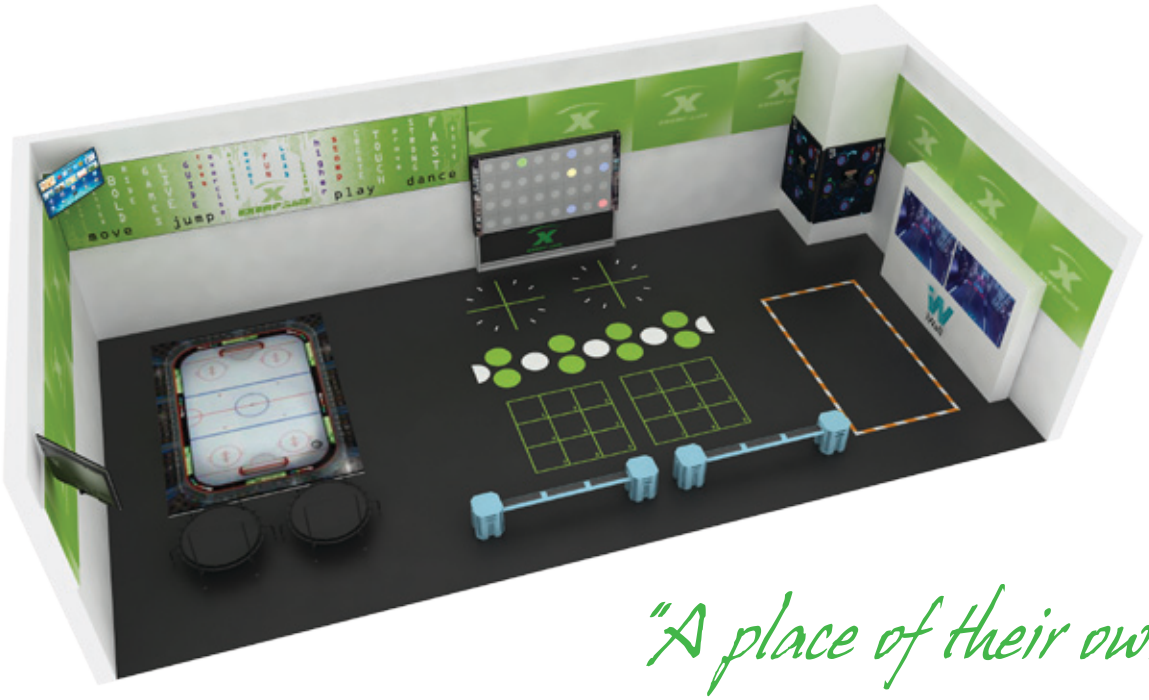

#MOVE2PLAY

#PEDAL2PLAY

EXERGAME PLAYGROUND

A fun interactive room for kids ages **1-10 years** old.

"A place of their own"

The key to creating members for life is to engage them early and often, we motivate them through active play and movement.

The Exergame Playground is the place where kids ages one to ten years old go to have fun while learning and growing physically, mentally, and emotionally. Exciting activities motivate them towards active play and movement, which has kids wanting to come back for more. The philosophy to give these kids a place of their own; a place where they can feel comfortable and enjoy the time they spend at the club as much as mom and dad do.

PROJECTION
FLOOR

Make your body the controller. Turn any area into a virtual indoor playground that allows multiple players to interact with colorful graphics and sounds projected onto the floor.

FEATURES

LARGE SURFACE | INTERACTIVE | MULTI-POINT

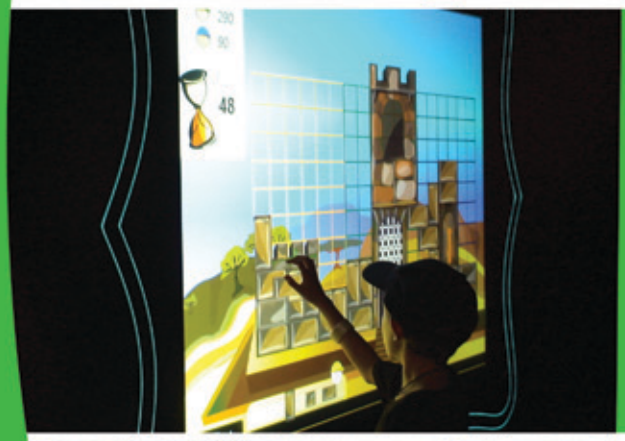

CARDIOWALL
COMPACT

Challenges users to balance, stretch, squat, reach, and think as they must follow and hit the different patterns of lighted pads.

FEATURES

REACTION TIME | HAND-EYE COORDINATION | SPEED

PROJECTION
WALL

Turn any wall into a game! Children and the entire family love the EyePlay™ Wall. Instantly, the interactive gaming system captures everyone's attention, ignites children's imaginations and encourages exercise.

FEATURES

CUSTOMIZABLE | 3-D GRAPHICS | MOTION SENSING

iWALL
INTERACTIVE WALL

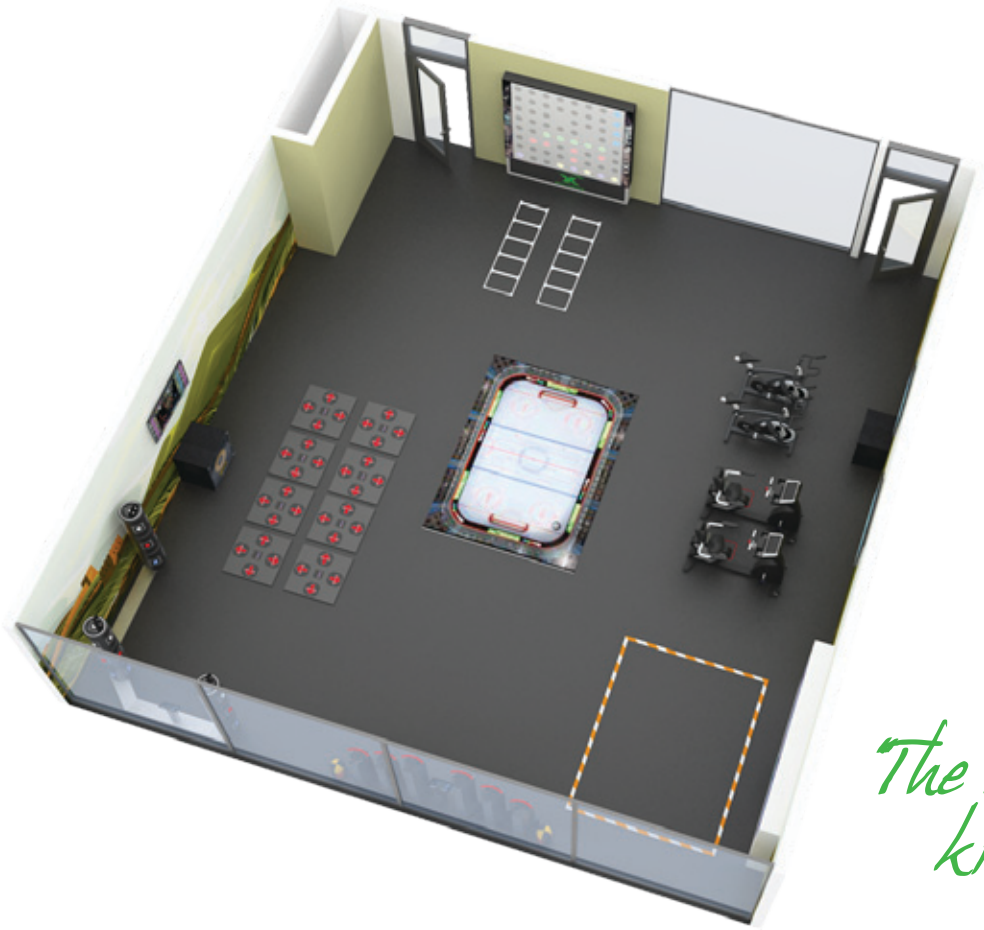

iWall is a fun and versatile exergaming product that lets you become a part of the game! Play on your own or share the fun with someone in multiplayer mode in one of the several fitness games. iWall can be used for efficient exercise, training, a simple workout, or just for family fun!

FEATURES

ENGAGING | CARDIO FITNESS | COORDINATION

YOUTH X

Exergamer's paradise for kids **7-14 years.**

"The ultimate kids experience"

The Youth X Room engages kids and teens through their virtual world to get them moving. Using similar concepts of gamification found in video games, kids won't even realize they are working out.

Too old to be in the kids room, but too young to be in the main fitness areas. This concept room is customized to fit the new model of social interaction, movement and engagement. It comes fully equipped with items that are not only gamified, but have proven fitness methodology behind them.

tWALL

A multifunctional fitness and sports touch wall provides a fantastic cardio workout across numerous applications, including Exergaming, sports, fitness and rehabilitation. A great focal point for your facility keeps members and trainers coming back for more.

FEATURES

REACTION | FLEXIBILITY | COORDINATION

EXERBIKE

Video gamers no longer need to be couch potatoes – simply pedal to activate the attached controller and play your favorite Xbox games. Single or multiplayer modes.

FEATURES

HEART RATE MONTORING | CARDIO | BALANCE

3 KICK

Punch and kick for a seriously fun workout. Three interactive towers with reaction sensors for single or multiplayer engagement. Get ready for the challenge.

FEATURES

SPEED | AGILITY | MENTAL ACUITY

iDANCE

A fun and innovative group exercise dance game of visual perception and physical skill. It is simple to learn, exciting to play and offers a wide range of ages and levels. Wireless and expandable design.

FEATURES

CARDIOVASCULAR ENDURANCE | COORDINATION | SPEED

PERFORMANCE X

A high energy room for **teens & adults.**

"For the Technology Driven Member"

Designed for everyone: teens, adults, seniors… The PERFORMANCE X Room kicks it up a notch from the traditional fitness area with this high intensity interactive exergaming solution. Designed for group based training, users will push themselves in a multitude of ways including: strength, conditioning, and reaction training, and the gamification built into the equipment will only make them work harder.

If your members are looking for a high octane, energetic, group based training area, this is your solution.

PAVIGYM 3.0

An intelligent and interactive floor with integrated LED lights controlled by touch screen software, enabling users and trainers to design and track their training sessions.
